

# 300 YARD RESULTS

September 19th ECCL 300 Yard Match Report:

The weather was just unbelievably great with bright sunny skies and no rain in sight. The turnout was a bit low for this beautiful day as I am sure that people were enjoying family events etc. We fired three relays for a total of twenty-two shooters. There was one new shooter in attendance along with many of the usual faces. I hope that everyone had an enjoyable time at the match and hope to see everyone at the October 17th event.

A special thanks to the pit crew for their efficient and timely service. Thanks also for the guys who helped score targets. We would be lost without you guys pitching in with the real range chores. Thanks again for your help!

The match seemed to flow smoothly and everyone appeared to be enjoying what they were doing but even a bad day at the range is better than a good day at work. I hope all of the shooters felt welcome and come back for the next match.

Hope to see everyone again at the October 17th match!
